Mr. Michael Manning
Randolph Southern Jr. Sr. High School
2 Rebel Drive
Lynn, IN 47355

Dear Mr. Manning:

Congratulations! You have been selected to receive a Waste Tire Recycling Grant in the amount of \$30,000 from the Indiana Department of Environmental Management (IDEM) to pave the surface of the school's athletic track utilizing crumb rubber bonded with a latex binder. I am pleased that we are able to assist Randolph Southern Jr. Sr. High School in support of your recycling efforts.

Funding is made available by the state legislature under IC 13-20-13 to provide grants to establish and operate programs involving recycling or reuse of waste tires. These grants will be administered by IDEM's Office of Pollution Prevention and Technical Assistance, Source Reduction and Recycling Branch. The grant agreement and signature instructions will be mailed to you under separate cover letter. If you are interested in more information about these grants, feel free to contact C. Steven Poe at 800-988-7901 or 317-233-9341.

Sincerely,

Thomas W. Easterly
Commissioner
